Rider Profile Cabrinha Xcaliber Carbon 2019

Advanced freestyle riders who demand reflex and rebound from their board. The Cabrinha XCaliber has a history of putting riders at the top of the freestyle podium. Its refined outline and use of carbon create the perfect platform to launch into progressive freestyle maneuvers. With the Cabrinha XCal 2019 it's all about reflex. The more you push during liftoff, the more it will push back giving you incredible spring and pop. The same stiffer construction makes landings stable and predictable with very little deformation on impact.
