

## Chevrolet Aveo 1.3D 5-DEURS 2012 Grijs (4.500 EUR)

Locatie **Noord-Holland, Wieringerwerf**  
<https://www.advertentiax.nl/x-995822-z>

Bij deze bied ik te koop aan:

Een prachtige Chevrolet Aveo 1.3D van het bouwjaar 2012.

Ik heb de auto voornamelijk gebruikt voor woon/werkverkeer en hij heeft mij nooit laten staan, super betrouwbaar!

Ik verkoop de auto omdat ik mijn motorrijbewijs heb behaald, en het nu niet meer rendabel is om met de auto naar mijn werk te gaan.

Algemene gegevens:

Apk is geldig t/m: 28-06-2020

Kilometerstand is momenteel: 156.000

Bouwjaar: 2012

Brandstof: Diesel

De auto is in perfecte staat, perfect, dus geen olie of water lekken en de apk is geldig t/m 28-06-2020.

Voor verdere vragen kunt u contact met mij opnemen!

Met vriendelijke groet,

|                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |
